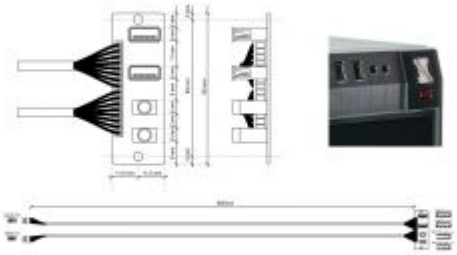
Package size (L x W x H)	260 x 175 x 30 mm
Net weight	79.5 g
Gross weight	89.8 g
EAN code	5901720136343
Warranty	24 months



Description

The Akyga® AK-CA-74 front panel is a service element designed for installation in computer enclosure. It consists of **two USB 2.0 ports** and **two mini Jack audio inputs**. These connectors will allow you to connect, among others, a wireless mouse, keyboard or PenDrive, as well as a speaker or headphones with a microphone.
The panel will be useful not only when replacing a non-functioning component, but also to increase the number of USB ports on your desktop. Moreover, it allows you to enjoy high quality sound thanks to its compatibility with HD Audio system.
The unquestionable advantage of the product is **the small size of the board** and long **65 cm cables**, which will facilitate the assembly and arrangement of cables inside the case.
