Description

The **Akyga® AK-ND-72 AC Adapter** is a reliable power supply for **laptops and printers**. The product provides a current of **19 V / 4.22 A**, which in combination with the quite popular **5.5 x 2.5 mm** connector gives a very wide range of power supply possibilities. It can be used to charge notebooks of many popular brands such as **Fujitsu-Simens** or **Toshiba**, as well as **Zebra** printers. What is more, the adapter is equipped with a **set of security features** (OVP, OCP, OPP, OTP, SCP), which guarantees safe and stable operation of powered devices, as well as the power supply itself. Additional security for the equipment is provided by the so-called soft start technology, which minimizes the shock associated with a power surge when connecting the device. The long **1.2 m cable** provides comfort during use.
All Akyga® power supplies are packed in environmentally friendly **EcoBox** type packaging.
Each time we encourage you to use our **compatibility search engine**.
