Pin Length	12 mm
Product size (L x W x H)	39 x 25 x 13 mm
Package size (L x W x H)	97 x 70 x 14 mm
Net weight	7 g
Gross weight	9 g
EAN code	5901720138200
Warranty	24 months

Description

The **Akyga® AK-ND-C07 adapter** is used to convert a **USB-C** connector to an HP **7.4x5.0 mm** laptop connector. It is a convenient solution for any laptop user who has lost or damaged the original power adapter. With the adapter, you can easily charge your laptop as well as your smartphone using one and the same USB-C PD charger. This means that you do not need to purchase a separate power adapter for each electronic device. What's more, the adapter is suitable for devices powered by **18.5 to 20 V** and has a maximum delivered power of **100 W**. This means that you can quickly and efficiently charge various **HP** laptop models. In addition the compact size of the adapter makes it ideal for travelling.
It is worth remembering that the USB-C adapter does not increase the power of the charger it is used with. Therefore, before using it, make sure that the power adapter has enough power to power our device.
