Adapter

Model: **AK-ND-C13**

Product code	AK-ND-C13
Product type	Adapter
Output voltage	18.5 - 20 V
Output amperage	max. 5 A
Maximum power	100 W
The cable plug #1	USB type C
The cable plug #2	4.8 x 1.7 mm
Pin Length	12 mm
Product size (L x W x H)	44 x 24 x 10 mm
Package size (L x W x H)	97 x 70 x 14 mm
Net weight	6 g
Gross weight	8 g
EAN code	5901720138262
Warranty	24 months

Desctription

The **Akyga® AK-ND-C13 adapter** is designed for charging laptops with a **4.8x1.7 mm connector**. It enables older laptop models to be charged using a **USB-C PD** charger. This allows the user to charge several devices using a single USB-C charger, making the daily use of the equipment much easier. What's more, the adapter allows laptops to be charged **at a maximum power of 100 watts**, as long as the power supply is able to deliver this power. This means that the adapter can also charge larger laptop models. In addition, the adapter is very compact and convenient to use. Thanks to its small size, it can be easily carried anywhere without taking up a lot of space in your bag or backpack.
It is worth remembering that the USB-C adapter does not increase the power of the charger it is used with. Therefore, before using it, make sure that the power adapter has enough power to power our device.
