Package size (L x W x H)	97 x 70 x 12 mm
Net weight	5 g
Gross weight	7 g
EAN code	5901720138316
Warranty	24 months

Desctription

The **Akyga® AK-ND-C18 USB-C adapter** is an extremely practical tool that allows you to use the latest USB-C chargers to power older **Toshiba** laptops with a **6.3x3.0 mm connector**. This way, instead of investing in a new power adapter or charger, you can use the adapter and thus continue to use your laptop. The adapter can be used with a wide variety of devices and chargers, making it extremely versatile. With it, you can increase the functionality of your old laptop and at the same time save money that you could have spent on dedicated accessories. It's ideal for people who want to upgrade their devices without overpaying for expensive accessories.
It is worth remembering that the USB-C adapter does not increase the power of the charger it is used with. Therefore, before using it, make sure that the power adapter has enough power to power our device.
