Net weight	51 g
Gross weight	55 g
EAN code	5901720136404
Warranty	24 months

Description

The Akyga® AK-CA-76 adapter is used to convert the motherboard power connector on **Lenovo IdeaCentre** computers. This is an extremely useful accessory in case the original power supply breaks down and we need to replace it with a new one. With the adapter, we can connect a standard ATX power supply with a **24-pin connector** to a motherboard equipped with a **10-pin socket**. Furthermore, the adapter is **10 cm long**, so that it will not affect the mounting comfort of the PSU inside the case.
