Description

The **Akyga AK-AV-02 DVI cable** is a solution created for digital image transmission. It is ideal for connecting a monitor, TV or projector to a player or computer. What's more, the **DVI connectors** allow for signal transmission in **Full HD resolution**, which allows you to enjoy a detailed and sharp image. Whether you use it in your home entertainment system or in the office, the AK-AV-02 **DVI-I cable** ensures high image quality and stable signal transmission. On the other hand, the **1.8 m cable** provides flexibility, allowing you to optimally place your devices in your room.
