USB Cable

Model: **AK-USB-34**

3

Product code	AK-USB-34
Product type	USB Cable
Cable length	1.5 m
The cable plug #1	Thunderbolt 3 Male connector
The cable plug #2	Thunderbolt 3 Male connector
Data transmission	Yes
Plated plugs	Yes - nickel plated
Product color	Black
Package	UniBag
Product size (L x W x H)	90 x 90 x 6 mm
Package size (L x W x H)	150 x 100 x 7 mm
Net weight	79 g
Gross weight	83 g
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720136794
Warranty	24 months

Description

The Akyga® AK-USB-34 cable is equipped with two hybrid **Thunderbolt 3 connectors**, combining the advantages of the well-known **USB-C connector** and the benefits of a Thunderbolt plug. The simple **symmetrical design** makes the cable **easy to use**, while the technological improvements made by Thunderbolt enhance its charging capabilities. For this reason, the cable can be used to power not only small mobile devices such as smartphones and tablets, but also laptops that require up to **100 W** of power. What's more, the cable is characterised by a multitude of applications. You can not only quickly charge devices with **Power Delivery (PD)**, including Apple devices, but also transfer files or share video from your phone or laptop on your TV. Data transfers can reach speeds of up to **40Gbps**, which is 4 times faster than USB 3.1, and **4K** or even **5K resolutions** are possible. Provided that the connected devices support this image quality. That makes a Thunderbolt 3 cable just as good as audio and video cables like DisplayPort or HDMI. That’s why you can enjoy the best picture and sound quality!
