# Description

The **3-meter Akyga® AK-HD-30S HDMI 2.1 cable** is the perfect solution for those seeking the highest quality audio/video connection. This cable is made in accordance with the **HDMI 2.1 standard**, allowing users to enjoy high-quality images in **Ultra HD 4K and 8K resolution**, as well as full-range multichannel audio. The Akyga®AK-HD-30S HDMI 2.1 cable provides incredibly fast data transmission at a **bandwidth of up to 48 Gbps**, enabling smooth playback of content in the highest quality, including **HDR** (High Dynamic Range), **Dolby Vision**, and **Deep Color**. Additionally, this cable is reinforced with a braided sleeve, making it extremely durable and reliable.
By utilizing the **eARC** (Enhanced Audio Return Channel) technology, this HDMI cable enables the transmission of studio-quality audio without any loss, which will particularly satisfy home cinema enthusiasts and avid gamers. Furthermore, this cable supports features such as Dynamic HDR and Variable Refresh Rate (VRR), resulting in smoother and more responsive gaming experiences.
