Description

The Akyga® AK-AD-69 magnetic Lightning connector is an accessory for magnetic USB cables. It is a small adapter with a built-in magnet. It is used to charge Apple-branded mobile devices. The integrated Lightning connector is compatible with iPhones and iPad tablets, among others. It is fitted to the power socket on the device. Thanks to **the magnetic Lightning plug**, wear and tear on the port is significantly reduced. Thus, the risk of malfunctions decreases significantly, which is especially important for such valuable devices.
The magnetic USB cable is not included and must be purchased separately.
