Power cable

Model: **AK-PC-08C**

Product code	AK-PC-08C
Product type	Power cable
Series	Copper
Output voltage	250 V
Output amperage	10 A
Ground wire	Yes
Cable length	10 m
The cable plug #1	Hybrid standard C/E/F (CEE 7/7)
The cable plug #2	IEC C13
Cable material	Copper
Wire gauge	3x 1 mm2
Product color	Black
Product size (L x W x H)	260 x 180 x 80 mm
Package size (L x W x H)	261 x 181 x 81 mm
Net weight	834 g
Gross weight	841 g
CE compatibility	Yes
FCC compatibility	No
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720139092
Warranty	24 months

Description

The **Akyga® AK-PC-08C power cable** has two ends: an **IEC C13 connector** and a **Schuko plug**. The IEC C13 connector is used to connect electrical equipment such as monitors, printers and power supplies. The Schuko connector, on the other hand, is a popular electrical connector standard in Europe.
This cable is **made of copper**, which ensures high quality and reliability during use. Copper is one of the best electrical conductors, with high conductivity and corrosion resistance. This makes the AK-PC-08C cable ideal for use wherever high quality and reliability are important. What's more, the cable has a **length of 10 m**, which allows you to connect your device in a location away from the power source without any problems. As a result, you don't have to worry about the cable being too short and can freely position your device in the desired location.
