Hub USB

Model: **AK-AD-33**

Product code	AK-AD-33
Product type	Hub USB
Number of switches	4 pcs
Supply voltage	5 V / 2 A
Power supply connector	3.5 x 1.35 mm
Cable length	30 cm
The cable plug #1	USB Male connector type A
The cable plug #2	4 x USB female connector type A
Version	3.0
Plated plugs	Yes - nickel plated
Material	ABS
Product color	Black
Backlight color	Blue
MTBF	100000 h
Temperature	5 - 50 °C
Package	UniBag
Product size (L x W x H)	130 x 43 x 22 mm
Package size (L x W x H)	180 x 130 x 24 mm
Net weight	71.2 g
Gross weight	76.7 g
CE compatibility	Yes
FCC compatibility	Yes
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720132376
Warranty	24 months

Description

Akyga® AK-AD-33 is a high quality, aesthetically made USB 3.0 HUB with the possibility of connecting an additional power supply. The device has four USB 3.0 ports, allowing data transmission speed up to 500 MB/s.
Active HUB AK-AD-33 allows you to connect devices with high power consumption such as a portable disk. Each socket has a separate button that allows you to manually enable / disable a given port, thanks to which we can decide which device we are currently using.
Connecting the power supply to the adapter enables devices to be charged with up to 900 mA of current at each socket separately. It is recommended to use the power adapter with a 3.5 x 1.35 mm plug with minimum parameters of 5V / 4A.
