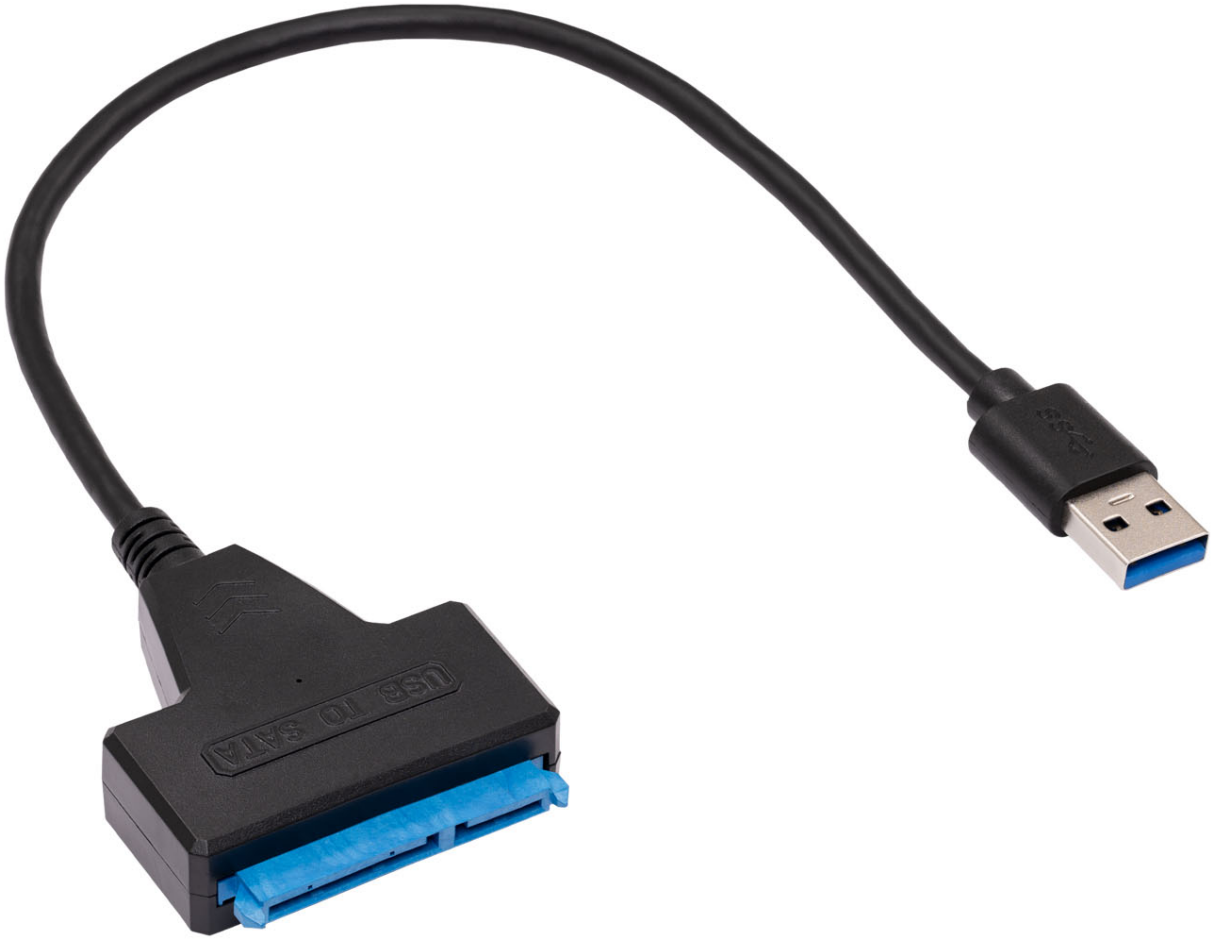
Adapter

Model: **AK-CA-86**



Product code	AK-CA-86
Product type	Adapter
Supply voltage	5 V / 12 V
Power supply connector	5.5 x 2.1 mm
Cable length	30 cm
The cable plug #1	SATA III 22-pin
The cable plug #2	USB 3.0
Product color	Black
Color insets	Blue
Product size (L x W x H)	49 x 40 x 25 mm
Package size (L x W x H)	153 x 104 x 17 mm
Net weight	22 g
Gross weight	25 g
CE compatibility	Yes
RoHS compatibility	Yes
EAN code	5901720139214
Warranty	24 months

Description

The Akyga® AK-CA-86 adapter is a robust and functional solution, perfect for those looking for a simple and effective method of connecting a **SATA III** drive to their computer. Thanks to the universal **USB 3.0 connector**, you can quickly connect your drive to a laptop, workstation or other devices, without the need for internal mounting. What's more, the **SATA / USB adapter** is equipped with a **30 cm cable** for comfortable and flexible use of the adapter.
The USB 3.0 interface guarantees high-speed data transfer, making processes such as backup or system transfers much more efficient. Importantly, the adapter is compatible with **2.5-inch drives**, making it the ideal choice for most **HDDs** and **SSDs** available on the market. In addition, the "**Plug and Play**" function ensures that the device is ready for operation as soon as it is plugged in, without the need to install additional drivers.
The adapter has an additional **5.5x2.1mm power socket**, allowing for the connection of a **12 V power source**. This option is crucial in cases where the connected drive requires more power than the USB port can provide, ensuring stability and reliable operation of devices with higher power requirements.
