Description

Akyga® AK-HD-30A is a high-quality **3.0 m** long **HDMI** cable for connecting computers / laptops, set-top boxes and other devices equipped with an HDMI socket to monitors, televisions, projectors and so on with the same connector.
The High Speed standard ensures the highest Full HD or even 4K quality, and the Ethernet allow to use the connected device's network functions. This makes the cable perfect for transferring stable, high quality digital audio video signal, Smart TVs included.
