Description

Akyga® AK-SC-27 is an adapter with a cable for modular power supplies. The product has a PCI Express plug (6-pin) and 3 output sockets: 2 in the Molex standard, used to power, among others hard disks, and one in the mini MOLEX standard used to power a 3,5 "floppy disk drive.

The product will find use in connecting more devices to the modular power supply. The length of the adapter cable is: 45 cm between the PCI Express plug (6-pin) and the female Molex connector, 15 cm between one and the other Molex connector, and 15 cm between the Molex connector and the mini Molex connector.
