Fan

Model: **AW-14A-BK**

Product code	AW-14A-BK
Product type	Fan
Supply voltage	12 V
Power consumption	< 0.14 A
Power supply connector	Molex/3-pin
Fan size	140 mm
Maximum noise level	25 dBA
Cable length	30 cm
Material	ABS
Product color	Black
MTBF	30000 h
Package	UniBag
Product size (L x W x H)	140 x 140 x 25 mm
Package size (L x W x H)	244 x 154 x 26 mm
Net weight	158 g
Gross weight	165 g
CE compatibility	Yes
RoHS compatibility	Yes
REACH compatibility	Yes
Included accessories	Screw
EAN code	5901720136756
Warranty	24 months

Description

The Akyga® AW-14A-BK is a **14 cm fan** for desktop PCs. Thanks to its long blades, it cools down components much more efficiently than a standard 12cm fan. Despite its large dimensions, the fan is **quiet** and does not disturb the peace and quiet during operation. Furthermore, the fan is equipped with high-performance **plain bearings** that ensure not only a long service life, but also trouble-free operation at maximum speed. Therefore, it will also prove useful as a service unit to replace a broken fan in an ATX power supply. A long **30 cm cable** with a **Molex/3-pin connector** will allow for an easy installation even in a large computer case. Additionally, **mounting screws** are included.
