Description

Akyga® AK-PD-11 is a replacement charger for Braun shavers. It is the perfect solution when the previous power supply fails or is simply lost on the move. The power supply is equipped with a special connector measuring **5.5x2.1 mm**. These can be found on **Braun's Silk-épil 1, 3 and 5** epilators, among others. What's more, the charger provides a constant 12-volt voltage, which ensures efficient and safe charging of your epilator. This is extremely important for maintaining the device's long-lasting performance. In addition, the charger has a **1.5 m cable**, so you gain comfort when charging.
