Description

The **Akyga® AK-AD-24 adapter** has been created with the popular Apple **MP3/MP4 devices** in mind. It is an converter from **mini Jack** to **USB-A**, which can be used for both charging and data transfer. It has a **15 cm cable**, thanks to which you can freely connect the adapter to your iPhone, iPad, car audio system, as well as other devices that support a USB 2.0 connection via a mini Jack 4-pin socket.
The adapter is compatible with Apple iPod shuffle 1 and 2.
Before connecting the adapter to your car radio, make sure that it supports this type of connection.
