USB Cable

Model: **AK-USB-47**

Product code	AK-USB-47
Product type	USB Cable
Maximum power	18 W (9 V / 2 A, 5 V / 3 A)
Cable length	1.0 m
The cable plug #1	USB Male connector type A
The cable plug #2	USB Male connector type micro-B
Data transmission	Yes
Plated plugs	Yes - nickel plated
Product color	Blue
Package	UniBag
Product size (L x W x H)	100 x 55 x 10 mm
Package size (L x W x H)	105 x 155 x 11 mm
Net weight	26 g
Gross weight	29 g
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720139122
Warranty	24 months

Desctription

The **Akyga® AK-USB-47 magnetic USB cable** is the perfect solution for owners of devices with a **micro USB B connector**. It facilitates quick and easy connection of smartphones, wireless speakers or other mobile devices to a power source. An additional advantage of the magnetic plugs is that they **reduce the risk of dirtying the socket** on the device. The inserted magnetic connector effectively protects it from daily wear and tear. This significantly extends the life of the USB port. This is particularly good news for people who use their device in dusty environments.
What's more, using the magnetic USB cable is extremely intuitive and simple. All you have to do is bring the cable close to the micro USB port and it will instantly connect to the tip. Then we can use the cable to both **charge the device** and **transfer data**.
The magnetic cable comes with a USB micro B plug. You can easily replace it with a Lightning or USB-C connector. This means that you can charge different standards of devices with one cable, allowing you to reduce the number of cables in your drawer or bag.
